9. Other Information:

In early 1994, Capitol Broadcasting Company, Inc., the parent of WJZY-TV, Inc. (the licensee of Station WJZY), learned that Family Fifty-Five, Inc., permittee of WFVT, Channel 55 in Rock Hill, South Carolina, was interested in entering into an LMA with a station in the Charlotte, North Carolina, market. Family Fifty-Five had held the construction permit for several years, but had concluded that in order to construct and operate their station in the best manner, they would need to enter into an LMA. After contacts with two other broadcasters, Family Fifty-Five entered into negotiations with WJZY-TV, Inc. The LMA between WJZY-TV, Inc. and Family Fifty Five provides that the new Station's antenna would be mounted on WJZY's tower, that the new Station's transmitter would be co-located with the WJZY transmitter, and that space at the WJZY studio would be provided for use as a main studio for WFVT, as well as for use as office space by WFVT's management and employees. The Commission's staff reviewed the LMA when WFVT was assigned in 1996 to its current owner, TV 55, LLC.

Capitol Broadcasting believes that its participation in the Channel 55 LMA has benefited the public interest. Although the operation of WFVT has yet to show a profit, use of the WJZY studios and office space, and co-location of the transmitters and towers, has provided economies of scale that make the operation of WFVT affordable. As a result, WFVT provides Warner Brothers ("WB") Network programming to viewers in Rock Hill and throughout the Charlotte market. Similarly, WFVT produces (in Rock Hill) and airs a weekly local public affairs program and PSAs that specifically address the needs and interests of the residents of Rock Hill, which has no other commercial television station. WFVT also broadcasts core childrens programming, and Charlotte Hornets Basketball, that would not otherwise be viewed in the market.
